**REQUEST FOR TELEPHONE INTERVIEW**

Dear Sir:

The above-referenced application was filed under an RCE on July 29, 2005.

A first Office Action was mailed on August 10, 2005.

An Advisory Action was sent on June 7, 2005, indicating that the Amendment submitted after the Final Rejection in the parent application did not put the claims in a condition for allowance.

In an effort to traverse the final rejection, Applicant amended the pending claims in the parent application to add the words "non-submersible." As indicated in the Remarks/Argument section of the Response to the Final Rejection, the purpose of this

Request for Telephone Interview  
Application for U.S. Patent  
Applicants: De Baan, Uittenbogaard, Coulomb  
Attorney Docket No.: 33474-00007 USPT

Amendment was to distinguish the claimed invention over U.S. Patent No. 5,431,589 to Corona, which disclosed a submersible buoy.

It appears that a short discussion about choosing the best words to describe the difference between the Corona '589 reference and the invention described in the pending application would be the best use of time to place this application in a better condition for allowance.

Please let me know if 11:00 a.m. EDT (10:00 a.m. CDT) on Wednesday, September 28, 2005 would be a convenient time to discuss the foregoing. Contact information for telephone, fax, and e-mail communication is provided below.

Respectfully submitted,
